Test Postponement Request Mr. Bigler

As a way of reducing my students' stress levels and ensuring that they have an opportunity to really show me what they know, I allow my students to postpone tests and quizzes for my class if they can document that they have the equivalent of two or more tests or major assignments due in other subjects on the same day. (For the purposes of this rule, two quizzes are equivalent to one test. A major assignment is the equivalent of a minimum 3-page paper.)

If the student named below will be taking a test or quiz or has a major assignment due in your class on the date indicated, please provide details below.

Thanks!

Mr. Bigler

Student: _____

Conflict date: _____
