

Final Project Rubric C1 Chemistry I

Teacher Use Only	
Total points:	
Possible points:	80
Grade:	

Name(s): _____

Section of Curriculum Frameworks: _____ Block: _____

When you turn in each section of your project, mark the boxes and blanks in the “st.” (right) column for each item you have properly included. The teacher will mark one of the three checkboxes in the left column (+ [5 points], √ [4 points], or – [3 points]), as appropriate. If an item does not apply, the teacher will cross it out and adjust the point total accordingly. Give some thought to this process—you get points for accurate assessment of your work!

A. Frameworks

Copy of relevant section of the Mass. Curriculum Frameworks.

- + √ – st
 included
 accurate (correct section)
 complete (all subsections listed)

Total: _____ /15
tch.
